

### **The Health and Well-being in the Arctic Thematic Network's working groups and programs:**

The network has been involved in different working groups and programs, staying up to date while further developing expertise on Arctic issues. The involvement includes participation in writing processes on Arctic reports and cooperation with different Arctic organisations such as the Arctic Council. A list of the groups and programs can be seen below:

- [AACA](#) (Adaption Actions for a Changing Arctic)
- [AHDR](#) (Arctic Human Development Report II)
- [AMAP HHAG](#) (Arctic Monitoring Assessment Program, Human Health Assessment Group)
- [Arctic Youth](#) (Arctic Youth and Sustainable Futures)
- [BEAC CYAR](#) (Barents Euro-Arctic Council, Children and Youth at Risk)
- [CHRN](#) (Circumpolar Health Research Network)
- [EU-PolarNet](#)
- [Fulbright Arctic Initiative](#)
- [IASC](#) (International Arctic Science Committee)
- [IUCH](#) (International Union of Circumpolar Health)
- [NDI](#) (Northern Dimension Institute)
- [NSCH](#) (Nordic Society of Circumpolar Health)
- [SDWG AHEGG](#) (Sustainable Development Working Group, Arctic Human Health Expert Group)

In addition to the above mentioned collaborations, other relevant organizations, networks, programs, multidisciplinary research institutes include APECS, Nordic Public Health School, Norden, Cross Border University –structures etc.
